

A B O U T

Who we are

Nikles in short

Nikles Group is one of the world's leading shower equipment manufacturer and supplier. Nikles is a Swiss family owned corporation. We manufacture quality products that are sustainable and durable. Our clients all around the globe, such as luxury manufacturers and leading retailers are sourcing hand showers, shower heads, slide bars, shower systems, basin mixers, shower mixers, shower hoses and kitchen sprays from us.

All Nikles products are in compliance with diverse standards in different regions of the world. Our customer base is global with clients from all around the world such as Europe, North America, Asia, Australia, New Zealand, and South America.

Nikles History

Founding – year: 1982

Nikles was founded in 1982 by today's president Mr. Gerhard Nikles. In the early days, Nikles was purely a trading company and an agency for plumbing products, mainly distributed in Switzerland and Italy.

Braided flex hoses – 1990-1995

Nikles developed into a manufacturer and began producing stainless steel braided hoses as connection hoses for faucets.

Kitchen & Showers – Year: 1996-2000

- Establishment of the office in Italy.
- First kitchen & shower program, and relocation of production from France to Italy.

Expansion as OEM Manufacturer – Year: 2000

- Growth of the shower program.
- Sale of the trading and agency company.
- Expansion as OEM manufacturer for prestigious luxury manufacturer.

Founding Nikles Tec Italia Srl – Year: 2007

- Building of the Nikles warehouse and manufacturing plant in Italy.

Asia & Nikles brand expansion – Year: 2008

- Founding of Nikles factory in Shanghai (China) with tool manufacturing & PVD equipment.
- Expansion of the Nikles brand into Germany, Australia & New Zealand.

Nikles Airdrop Technology – Year: 2009

- Patent registration of Nikles Airdrop® technology.

Founding Nikles Xiamen – Year: 2010

Founding of Nikles Shower Components Co., Ltd. Factory in Xiamen (China). Relocation of manufacturing from Shanghai to Xiamen.

Expansion SEA – Year: 2012

- Establishment of sales company and warehouse Nikles (Showers) Thailand Co., Ltd. • Launch of Nikles brand in SE Asia countries

Shower hose & Stainless Steel shower production – Year: 2013

- Founding of Nikles Tubes GmbH in Germany • Takeover of a hose production company in Germany • Stainless Steel shower expansion with fabrication

Nikles Sound – Year: 2014

- Patent registration of Nikles Sound Technology • Relocation of hose production to Nikles Tec Italia Srl. • Reorganization of Nikles Tubes GmbH as sales company in Germany

Expansion USA – Year: 2015

- Founding of the distribution company and warehouse Nikles (USA) Inc. • Launch of the Nikles brand in North America

Nikles Faucets, Carbon Fiber, Dropless & Silk Technologies – Year: 2017

- Patent registrations for Nikles basin faucets, Dropless and Silk technologies • First basin faucet program with Carbon

Nikles Pressure Control Valve Technology – Year: 2018

- Patent registration of Pressure Control Valve Technology

Nikles Swirl Spray Technology – Year: 2021

- Patent registration of Nikles Swirl Jet Technology

Nikles Now – Year: 2015- till today

To date, Nikles remains a 100% family owned business with sales organizations in Switzerland, Italy, USA, China, Thailand, Australia and New Zealand as well as in Germany. Our main distribution and production centers for the Nikles products are located in Italy and China. Nikles is continuously expanding to serve local customers. We opened a sales office in Bangkok Thailand in 2012 and established in 2015 another sales office in Atlanta, GA, USA.

W H Y C H O O S E U S ?

International Company: Our Branches are located in Switzerland, Italy, Germany, Thailand, China, Use

Schedule: We follow a coherent schedule with each client

High Quality Product: We provide products according to international standards

Our Philosophy

As a designer, creator and manufacturer of shower products it is our core purpose to offer to the consumer the right product with an attractive design, appropriate functionality and superior quality and thus contribute to the success of our clients and business partners.

Our success is built around a team of people with an extraordinary dedication to their professional standards. We believe in the mutual leverage of our business.

Our focus is the cre

TECHNOLOGIES

Nikles consistently invests into research and development resulting in a continuous stream of new products and technologies. We are committed to maintain and to expand our position as a technology partner. Nikles prides itself with products that are trendsetting and state of the art design.

Airdrop

Experience a gentle, uplifting feeling that envelopes the body. Delivering a rejuvenating spray that is soft and gentle on the skin. Airdrop showers operate quietly and save water at the same time. All showers are also available without Airdrop system, except our Pure range.

Auto On / Off

Insulated shower systems prevent scalding and prevent accumulation of residues. This saves you much cleaning time and the use of harsh chemicals.

Cascade Shower

Experience a truly rejuvenating shower with the Nikles cascade showers. Feel the water purling on your body and relax from the daily stress.

Check Valve

The Nikles check valve prevent water back flow from showers, faucets or shower hoses. These one way directional valves are for more safety.

Click Position

The new Nikles push-button system makes it easy to switch from a soothing soft shower spray to a pulsating massage spray. Enjoy an exhilarating shower at any water pressure.

Click Position System

All NIKLES multifunction showers feature the convenient click mechanism. You feel and hear the click when changing the function of the shower sprays.

Dropless

After shutting off the water in our Dropless system, the water remaining completely drains from the shower head. This enables the system to avoid bacteria build up within the shower head. The quick removal of all remaining water reduces the possibility of limescale buildup inside the shower head and nozzles.

Easy To Clean

Swipe away residues with a flick of your finger.

Flow Limiter

Nikles flow limiters are saving water and energy without losing the comfort of a full shower spray. All flow limiters comply with water regulations and each one is tested during manufacturing to assure performance. Nikles flow limiters are ecologically sound. Available from 4lt/min to 16 lt/min.

Hoses

Nikles shower hoses not only transport water from the faucet to the shower, but also include smart technologies such as the possibility to add flow limiters or check valves. The standard G1/2 connection enables easy installations and the swiveled nut provides a longer product life. The Easy-to-Clean technology of the hose surface is an additional advantage. Nikles shower hoses are available in different lengths and in anti-bacterial material complying with German norm DVGW W270.

Light

The Nikles Light cartridge illuminates the shower spray in a ray of soothing colors as soon as you turn on the water. No electrical connection is needed to power Nikles Light because our patented cartridge system uses hydropower energy. The Nikles Light completes your relaxing shower experience.

Mirror Chrome

Our state of the art chrome plating technology produces mirror like surfaces. The ultra smooth surface prevents the buildup of lime and residues on the Nikles shower systems.

Nikles Booster Technology

Switch to wellness! Enjoy the powerful massaging shower spray that exhilarates the body and awakens the senses. NIKLES booster technology creates the sensation of a full shower regardless of the water pressure.

Nikles Carbon

Carbon fiber, best known from lightweight design & construction, now comes into your shower. Nikles is the first shower manufacturer to use this material in its shower range. Carbon fiber is ultra resistant, durable and easy to clean. The smooth surface prevents fingerprints and residues.

Nikles Infinity

Nikles with its Infinity range has achieved the ideal combination of organic, timeless design and ergonomic forms for ultimate comfort. The range of Infinity products allow you to match the shower to your bathroom.

Pressure Control Valve

Nikles Pressure Control Valve Technology protects your shower head from critical product failure. Water quality varies locally and often causes clogging of the nozzles due to poor water quality. This causes to an increase of pressure inside of the shower body and can cause critical damages and leakages. The Nikles Pressure Control Valve Technology safely releases water pressure through a central valve and after a thoroughly cleaning of the shower nozzles the shower works normally.

Single Lever Mixer

Nikles single lever mixers enable you to adjust the water temperature to your liking. The mixers also feature the Nikles cool touch function for your safety. The internal mixer body is made of brass and the outer body cover is made of ABS to prevent scalding.

Sound

Nikles Sound plays your favorite music and simply connects your phone to your shower head. The revolutionary Nikles Sound cartridge with a high performance loudspeaker and a microphone connects via Bluetooth® to any enabled and paired device including your smartphone. The Nikles turbine generates the power required for operating the device. No need for batteries or removing or recharging by connection to the mains power. Use your shower and Nikles Sound recharges automatically and reliably.

Thermo Insulation

Insulated shower systems prevent scalding and prevent accumulation of residues. This saves you much cleaning time and the use of harsh chemicals.

Thermostat

Nikles thermostatic mixers are made for your comfort. The high quality thermostatic cartridge is preset at an enjoyable and save 38° Celsius. It includes anti - scalding protection for your safety.

Silk Spray

Imagine a spray as soft as silk caressing your skin. With the sensation of a light summer rain, the new NIKLES SILK shower allows you to feel relaxed and rejuvenated. Avoiding limescale buildup in the shower head keeps the system working at maximum efficiency.

Nikles Luxury Finishes

Our Nikles Luxury Finishes gives you the chance to add your personal modern touch to your bathroom. Nikles Luxury Finishes are available in Brushed Gold, Polished Gold, Rose Gold, Brushed Nickel, Gun Metal and Matte Black.

Technology

With our innovative PVD technology, the product made for you is not only finished with a luxurious color, but also more resistant, durable and scratch-resistant. Our Matte Black products are manufactured with an equally innovative, high-quality technology. With this technology, Nikles distinguishes itself from other companies, as it not only guarantees noble colours but also a longer shelf life and no loss of colour.

Finishes

Polished Gold

Our polished gold finishes give a traditional British look that is more modern than ever. It can be combined with many different colours and gives your bathroom a noble shine.

Gun Metal

Do you want to say goodbye to conventional chrome and make your bathroom more modern? Then Gun Metal is the perfect colour for you. The soft, grey finish gives your bathroom a masculine look, which subtly enhances it while not offering too strong of a contrast to the rest of the room.

Brushed Gold

The luxury finish is characterized by its warm tone. It spreads symbolically and flows. Brushed Gold is present, luxurious and extravagant. At the same time, it can be combined with a wide range of colours and can give your bathroom a luxurious touch.

Matte Black

Matte black is the perfect colour for any trend-conscious, modern type who always goes with the times. Matte black brings a relaxed, dark aesthetic with its deep blue undertones. The colour is particularly effective in tall, large rooms and gives smaller rooms a cuddly extravagant look. Thanks to the matte finish, the products have an even and soothing effect.

Rose Gold

Rose gold is characterized by its typical, soft, copper-coloured tone. The colour is a hint of yellow and much more subtle than pure pink. This makes the colour suitable for warm colours as well as cool, bright colours.

The products are manufactured for you on request. If you are interested or have any questions, please contact us via email at info@nikles.com
